

The Driver Era - Scared Of Heights

tom:

Intro: F Dm Gm C

Still I can't get enough of the good stuff
Give me one more time

But I'm never satisfied, yeah
Keep my feelings on the side, yeah
Getting high until I fly, yeah
But now I'm scared of heights

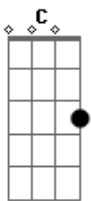

I want it bad
It does me good
Hey, I don't need no shit from you
It's 'cause I'm sad
It's a bad excuse
Because I know I don't need you (Yeah, yeah)
Because I know I don't need you (No, alright)

Still I can't get enough of the good stuff
Give me one more time

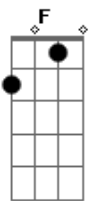

But I'm never satisfied, yeah
Keep my feelings on the side, yeah
Getting high until I fly, yeah
But now I'm scared of heights
Keep on telling me it's fine, yeah
And now I'm hanging for my life, yeah
Getting high until I fly, yeah
But now I'm scared of heights

Another night
I hesitate

And now I'm stuck in yesterday
But if I die
Before I wake
I pray the Lord my soul to take (Yeah)
Because I know I don't need you (Oh, oh)

Still I can't get enough of the good stuff
Give me one more time
So give me everything of the good stuff
Only one more time

But I'm never satisfied, yeah
Keep my feelings on the side, yeah
Getting high until I fly, yeah
But now I'm scared of heights
Keep on telling me it's fine, yeah
And now I'm hanging for my life, yeah
Getting high until I fly, yeah
But now I'm scared of heights

One more time
Just give me one more time
Oh, just give me one more time
Just give me one more time
Just give me one more time
Just give me one more time
Oh, just give me one more time
Just give me one more time
Just give me
