

# The Eastern Dark - Johnny And Dee Dee

Tom: A

I was waiting at the Globe  
 I was waiting for my girl  
 I was gonna take her home  
 But the video was on

And my baby just don't know  
 And my eyes see the screen then  
 And I know there's something going wrong  
 And it's something I can't find  
 The other were Johnny and Dee Dee  
 They're my heros in life  
 And they are there to take me high
