Lucky me; I'm stuck here singing songs
Gb Ebm B Ebm
With broken wings and they're all about you
Abm B
The skies have never looked so damn inviting

(Gb Ebm B Ebm)

Abm B
What would breathe will only wheeze
Abm B
Will only stumble on in agony
Abm
I'm on my knees
B
Screaming, "Honey, won't you bury me?"

(Gb Ebm B Ebm)
(Gb Ebm B Ebm)

Gb Ebm B
Those words I could not whisper
Ebm Gb Ebm
The ones I wanted to scream
B Ebm

Those habits that killed me
Abm B
They're all I've got; this deadly affinity

Abm B
What would breathe will only wheeze
Abm B
Will only stumble on in agony

I'm on my knees

Gb
December can bury itself with snow
Ebm
For taking from me what I loved most
Gb
This summer only stands to burn a hole
Ebm B
I'll cut off my wings and become a ghost

Gb
Under a headstone, I'll make my home
Ebm
And laugh loud knowing I'm no longer alone
Gb
With dead bodies, I'll dance the night on through
Ebm B
'Cause I'll dig right through them graves to you

Ebm B
Yeah, I'll dig right through them graves to you
