

# The Fratellis - Sugartown

tom:  
 B (forma dos acordes no tom de G )  
 Capotraste na 4ª casa  
 Intro: G Bm C D

[Primeira Parte]

I heard the time just slips from your sugarplum lips  
 So I go there to watch it fall  
 And my jaw just drops when your cherry lolly pops  
 I get nervous when you bounce my ball.

[Refrão]

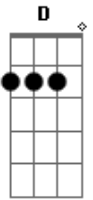

I get the strangest sense we were lovers, past tense  
 Like a dog in heat I just can't be indiscreet  
 And when I see you there I whisper my prayer so swee-ee-eet  
 I'm getting shaky on my feet, I'm incomplete  
 I'll be your one man band, I'll be at your command  
 Just say the word and I'll be your renaissance man  
 I swear I'll go where you don't dare  
 I'll bury this affair  
 Deep down in Sugartown

( G Bm C D )  
 ( G Bm C D )  
 [Segunda Parte]

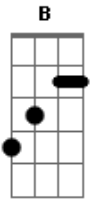

I heard your glass hips swayed while the jitterbugs played  
 Every man was on his bended knee  
 And all my hopes got smashed as my nerve just crashed  
 I was as heavy as a boy can be

[Refrão]

 I'm getting shaky on my feet, I'm incomplete

 Then, honey, please do me wrong
