If you don't think about what you say  
 Every single time, knowing in your mind  
 The power in the words won't go away  
 Negativity comes your way

If you don't think about what you say  
 Every single time, knowing in your mind  
 The power in the words won't go away  
 Positivity comes your way

If you say love, say strength  
 Speak good words in abundance  
 Say health and happiness  
 You better mean what you say  
 Say hope, say peace, forgiveness, over standing  
 You're strength and loyalty  
 They're gonna show you the way

But if you don't think about what you say  
 Every single time, knowing in your mind  
 The power in the words won't go away  
 Negativity comes your way

If you don't think about what you say  
 Every single time, knowing in your mind  
 The power in the words won't go away  
 Positivity comes your way

It comes your way  
 It comes your way

I know you and you know me  
 Keep it real, take it easy  
 Now what you trying to prove

Who you trying to trick?  
 Because friendship and compassion  
 They can last forever  
 But I still need you to know

If you don't think about what you say  
 Every single time, knowing in your mind  
 The power in the words won't go away  
 Negativity comes your way

If you don't think about what you say  
 Every single time, knowing in your mind  
 The power in the words won't go away  
 Positivity comes your way  
 It comes away, positivity comes your way
