Tom: C
Intro: Am Dm F

  Am
Too soon, wanted more time
   Dm   F
Could've held out, but your clock was ticking
   Am
No easing in, straightened out lines
    Dm
Alone with your thoughts
            F
'Cause your friends are still in

Night clubs and back rooms, baggies in the bathrooms
   Dm   F
Nothing's changed but you
    Am
Saying nothing's missing
                    Dm   F
Thoughts are drifting away from you

Morning sun fills the void
   Dm   Am
Now you see there never was a point

    Dm   G
Over and over and over again
       C   Em
'Till you can no longer pretend you are sane
   Dm   G
Try but you couldn't get any more sure

And the ending still will never change
    Dm   G
Over and over and over again
