

The Gun Club - Mother Of Earth

Tom: D

Riff:

I'm going down the river of sadness
 I'm going down the river of pain
 in the dark, under the wires
 I hear them call my name

I gave you the key to the highway
 and the key to my motel door
 and I'm tired of leaving and leaving
 I can't come back no more

Oh, my dark-eyed friend

I'm recalling you again
 soft voices that speak nothing
 speak nothing to the end

Passagem 2x: A Em

Oh, Mother of Earth, the blind they call
 but yet stay behind the wall
 their sadness grows like weeds
 upon my thighs and knees

Oh, Mother of Earth, the wind is hot
 I tried my best, but I could not
 and my eyes fade from me
 in this open country

Passagem 2x: A Em
