

The Haxans - Dirty Magic

tom:

Gbm

I can't get high enough above you

I can't get drunk enough to love you

I'm the angel to your devil

I won't sink down to your level

The way I fell for you is tragic

You must have used that dirty magic over me

Gbm

How did I let you talk me into love?

It's the same old way I let that push become a shot

(Ooh) now i walk like a zombie

(Ooh) into the chill of the night

(Ooh) i just want you to hold me

Until everything's alright

Gbm

I can't get high enough above you

I can't get drunk enough to love you

I'm the angel to your devil

I won't sink down to your level

The way I fell for you is tragic

You must have used that dirty magic over me

Gbm

You hypnotize me with your love

Now I stepped into your darkness

Gbm

Why let me go
