```
Tom: A
  Intro 2x: A D E
you can get lost in the music for hours, honey
you can get lost in a room
we can play music for hours and hours
but the sun still be comming up soon
the world is just spinning
a little too fast
if things don't slow it down soon
we might not last
so just for a moment lets be still
you can get lost in the music for hours, honey
you can get lost in a room
we can play music for hours and hours
but the sun still be comming up soon
the world is not forgiving
            E
of everyone's fears
the day is turning into months
        Abm Gbm
