

The Heavy Horses - Cocaine & Whiskey

tom:
 Capotraste na 2ª casa
 Intro: A

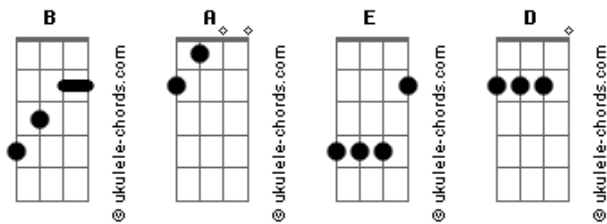

Shots of Jack Daniels
 You offer a smile
 And then you slip through my arms
 And disappear for a while
 The last time I saw you
 You were drunk on cheap wine
 And though another might love you
 For tonight, you're mine

[Pré-Refrão]
 And you're dancing on tables
 To some shitty song
 Though I can't stand the band
 I still mumble along

[Refrão]
 For the first time in years
 I kinda half feel alright
 And I know it ain't love
 But it'll do for the night

(D A E A)

Acordes

You tell me you're wasted
 And that your hair smells like rain
 And with your voice cracking softly
 I hope you tell it again
 The owner screams last call
 But he and I, we're old friends
 So while everyone's leaving
 I think I stay 'till the end

[Pré-Refrão]
 Thanks to cocaine and whiskey
 We'll be here 'till dawn
 Laughing and dancing
 After everyone's gone

[Refrão Final]
 For the first time in years
 I kinda half feel alright
 And I know it ain't love
 But it'll do for the night
 And I know it ain't love
 But it'll do for the night
