

# The Heavy - Set Me Free

Tom: A

m

Intro: Am

[Verso]

You made a man out of me  
 But you're not satisfied  
 You make believe what you see  
 But never leave an eye  
 Got a million things  
 On my mind cause you  
 I don't know what we'll do  
  
 I only wanted to love you  
 You only wanted a taste  
 My ambition to woo you  
 Was all the time that we wa  
 Time that we wasted

[Refrão]

Why don't you set me free? yeah  
 Why don't you set me free?  
 Why don't you set me free? yeah  
 Why don't you set me free?

( Am )

[Verso]

And every time that I think  
 About the better days  
 Remember how we would kiss  
 When we were high on haze  
 We never knew

'bout the way things work  
 I still need to forget  
  
 Cause when you wanted protection  
 You used to call out my name  
 And all this changing direction  
 Ain't making me feel the same  
 Me feel the same about you

[Refrão]

Why don't you set me free? yeah  
 Why don't you set me free?  
 Why don't you set me free? yeah  
 Why don't you set me free?

All you got to do is set me free  
 All you got to do is set me free  
 All you got to do is set me free  
 All you got to do is set me free

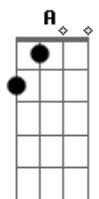

( C Am D Am )  
 ( C Am D Am )

All you got to do is set me free  
 All you got to do is set me free  
 All you got to do is set me free

All you got to do is set me free  
 All you got to do is set me free  
 All you got to do is set me free  
 All you got to do is set me free
