We tried our luck, we made a buck, so lean back have some fun.  
E Am  
(Oh yes my love, but first just this last one.)

[Segunda Parte]

[Quarta Parte]

Over the river is cold and black  
and the bottom is a long way down  
(another one, going underground...)

We'll stay at home and call this day our own,  
listen to a record and watch a candle burn  
I'm feeling kind of drowsy  
there's blood on the floor.  
And when I'm gone you still will have my love forevermore
