

## The Horrors - Still Life

```
Tom: E
  [Intro] Em G D A
Under a sky, no one sees
Waiting
Watching it happening
Don't hurry
Things are, the way they have to be
Slow down, Give it time
Still life
You know I am listening
The moment that you want is coming
If you give it time
(When you wake up!)
(When you wake up!)
```

```
(You will find me)
(Em G D A)
Under a sky
No one else sees
You're sure
Appears in front of me
The sky clears
The sun hits
I am here, Waiting It's happening
The moment that you want is coming G
If you give it time
(When you wake up!)
         Am
(When you wake up!)
         Em
(You will find me)
[Final] Em G D A
```
