tom:

Intro: D Gbm A Dbm
D Gbm A Dbm

I am lost in a rainbow
A Dbm

Now a rainbow is gone
D Gbm

Overcast by your shadow
A Dbm
As our worlds move on

In this shirt I can be you
A Dbm

To be near you for a while
D Gbm

In this shirt I can be you
A Dbm

To be near you for a while

There's a crane knocking down
A Dbm

All those things that we were
D Gbm

I awake in the night to
A Dbm

Hear the engines purr

There's a pain, it does ripple
A Dbm

Through my frame, makes me lame
D Gbm

There's a thorn in my side
A Dbm

It's the shame, it's the pride

Of you and me ever-changing
A Dbm

Moving on now, moving fast
D Gbm

And this touch must be wanting
A Dbm

Must become free to act

But I need, Jake to tell you
A Dbm

That I love you, it never rests

And I bled, every day now
A Dbm

For a year, for a year

I did send you a note
A Dbm

On the wind for to read
D Gbm

Our names there together

Must have fallen like a seed
A Dbm

To the depths of the soil
A Dbm

Buried deep in the ground

On the wind I can hear you
D E Gbm

Call my name, held the sound
A Dbm

I am lost

I am lost in a rainbow
D A Dbm

Now a rainbow is gone
D Gbm

I am lost in a rainbow
E A Dbm

Now a rainbow is gone
D E Gbm

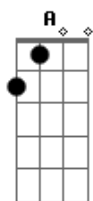

I am lost, I am lost
E A Dbm

I am lost, I am lost
D E Gbm

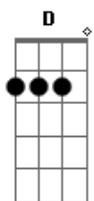

I am lost

[Final] E A
