tom:

Intro: D Gbm A Dbm  
D Gbm A Dbm

I am lost in a rainbow  
A Dbm

Now a rainbow is gone

Overcast by your shadow  
A Dbm

As our worlds move on

In this shirt I can be you  
A Dbm

To be near you for a while

In this shirt I can be you  
A Dbm

To be near you for a while

There's a crane knocking down  
A Dbm

All those things that we were

I awake in the night to  
A Dbm

Hear the engines purr

There's a pain, it does ripple  
A Dbm

Through my frame, makes me lame

There's a thorn in my side  
A Dbm

It's the shame, it's the pride

Of you and me ever-changing  
A Dbm

Moving on now, moving fast

And this touch must be wanting  
A Dbm

Must become free to act

But I need, Jake to tell you  
A Dbm

That I love you, it never rests

And I bled, every day now  
A Dbm

For a year, for a year

I did send you a note  
A Dbm

On the wind for to read

Our names there together  
A Dbm

Must have fallen like a seed

To the depths of the soil  
A Dbm

Buried deep in the ground

On the wind I can hear you  
A Dbm

Call my name, held the sound

I am lost

I am lost in a rainbow  
D A Dbm

Now a rainbow is gone  
D Gbm

I am lost in a rainbow  
E A Dbm

Now a rainbow is gone  
D E Gbm

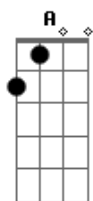

I am lost, I am lost  
E A Dbm

I am lost, I am lost  
D E Gbm

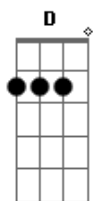

I am lost
