

The Jimmys - All In Vain

tom:

A

I gave you my love

But you threw it away

You were my everything baby

But you left me to disgrace

I went out on the lonely night

Searching for a person to sleep by my side

I couldn't find you

You left a hole in my heart

(A7 D7)

And i'm just beggin' you

Please get out my mind

And i'm just beggin' you

Please get out my mind

I just wanna forget you

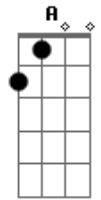

But you don't seem to get it

I don't wanna remember us

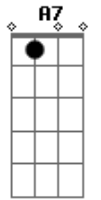

And suddenly regret it

(B Db D)
