

The Killers - A Matter Of Time

Tom: D

^{Em}
 You're looking for a way out
^{Bm A Em}
 I can feel it
^{Em}
 Come on, show me where it hurts
^{Bm A Em}
 Maybe I can heal it

^{Em}
 Your feelings are your own
^{Bm A Em}
 Now you keep 'em under lock and key
^{Em}
 You got me drivin' through the streets
^{Bm A Em}
 For an answer to the mystery

^{G D A}
 The world's still weak on Charleston Avenue
^{G D A}
 Outside that vacant Starlight Motel I see you
^{G D}
 Laughing with your girlfriends
^{A D A Em}
 Not a care in the world, not a burden on your mind

^{Em}
 It was a matter of time

^{Em}
 There's a panic in this house
^{Bm A Em}
 and it's bound to surface
^{Em}
 Just walkin' through the front door
^{Bm A Em}
 makes me nervous

^{Em}
 It's creepin' up the floorboards,
^{Bm A Em}
 got me wondering where I stand
^{Em}
 I cannot put out the fire,
^{Bm A Em}
 I got a book of matches in my hand

^{G D A}
 When we first met, headstrong and filled with doubt
^{G D A}
 Made just enough hustling tables that summer to take you out
^{G D A D}

I was fallin' back on forever when you told me about your heart
^{A Em}
 You laid it on the line

^{G D}
 Laughing with your girlfriends
^{A D A G}
 Not a care in the world, not a burden on your mind

 (You laid it on the line)

^{G A D A G}
 It was just a matter, It was a matter of time

^{G A}
 We found ourselves a place
^{D G}
 We belong in it forever
^{D A}
 Ain't that what it's all about?
^{G A}
 Make the promise and keep it
^{D G}
 Come hell or high water
^{D A G}
 We'd figure it out

^{G A}
 It was the night, it was the moon
^{D G}
 It was the green grass in the garden
^{G A}
 The victory and the sin

^{G A}
 I know you're weary, look at me
^{D G}
 Flailin' in the corner
^G
 Here's the towel
^{A G}
 Go on, throw it in

^{G D G}
 It was a matter of time
^{G D A}
 Can't you see that it's tearing me up inside?
^{G A}
 Look what's laying at our feet
^{G A}
 That's the wreckage of broken dreams
^{D A}
 And burned out
^{G A G}
 And it's here on our street
