

The Killers - Forget About What I Said

Tom: G

Gbm Em
 We used to tear it down,
 but now we just exist
 The things that i did wrong, Gbm Em
 I'll bet you've got a list Bm
 Now I know how you remember Gbm Ab
 and those moments that you choose Gbm Ab
 will define me as a traitor,
 stealing everything you lose Gbm Ab

Db Gb
 Forget about what I said,
 the lights are gone and the party's over B
 Forget about what I said. Abm Gb
 Forget about what I said, Db Gb
 I'm holding out and I know you hear me B
 Forget about what I said Abm Gb

Stay up late tonight, Gbm Em
 and turn off your phone Bm
 Well you were selfish too, Gbm Em
 but you were never all alone Bm
 In those ugly pink apartments Gbm Ab
 stealing everything you lose Gbm Ab

with the hustlers and the kids,
 mapping out some retribution Gbm Ab
 Do we have to go through this? Gbm Ab
 Forget about what I said, Db Gb
 the lights are gone and the party's over B
 Forget about what I said. Em Gbm
 Forget about what I said, Db Gb
 I'm holding out and I know you hear me B
 Forget about what I said Em Gbm

All of the stars are wandering around tonight, C Am G
 we used to try them on. D
 And sometimes I hear you, C
 the galaxy sings your song Am G
 And tonight I sing along. Ab

Forget about what I said, Db Gb
 the lights are gone and the party's over B
 Forget about what I said. Em Gbm
 Forget about what I said, Db Gb
 I'm holding out and I know you hear me B
 Forget about what I said Em Gbm
 Forget about what I said Em Gbm
