Leave the bourbon on the shelf
And I'll drink it by myself
And I never liked your hair or those people that you lie with
But I'm not satisfied
Until I hold you tight
And I love you endlessly,
Darling don't you see I can't be satisfied
Until I hold you tight

Leave the bourbon on the shelf
And I'll drink it by myself
And I love you endlessly,
Darling don't you see
I'm not satisfied
