Leave the bourbon on the shelf  
And I'll drink it by myself  
And I never liked your hair or those people that you lie with  
But I'm not satisfied  
Until I hold you tight  
And I love you endlessly,  
Darling don't you see I can't be satisfied  
Until I hold you tight

Leave the bourbon on the shelf  
And I'll drink it by myself  
And I love you endlessly,  
Darling don't you see  
I'm not satisfied
