

The Killers - Replaceable

Tom: Bb

VERSE 1:

Pick you up later on

What to do? It doesn't matter

'Cause you get what you want

Through and through, and if you shatter

Everything that we've got

Will you call me on occasion?

If you like it or not

Oh no

VERSE 2:

So turn it up, take me down

From the wall, it doesn't matter

'Cause you get what you want

After all

And now you've shattered

Everything that we had

And you call me on occasion

Just to see how I am

I'm hanging in

VERSE 3:

But now time teaches me

To pretend it doesn't matter

'Cause you get what you want

In the end

And now you've shattered everything

He looks a bit like me

CHORUS:

Replaceable

It's cynical

Call me useless, just you wait

Put me down and call it fate

Broken bridges, wasted hate

So just stand beside your man

Double A-Ron

Act like I never turned you on

All I do is cry

BRIDGE:

December finds you're all alone

You call me on the telephone

Who'd have thought that you'd regret

All those evil things you said

Now as friends, we say goodbye

I think there's something in my eye

CHORUS:

Replaceable

It's cynical

Call me useless, just you wait

Put me down and call it fate

Broken bridges, wasted hate

So just stand beside your man

Double A-Ron

Act like I never turned you on

All I do is cry

2nd BRIDGING THING:

And you watched me die

At least a thousand times

But it's great to hear you're doing fine

Tonight, too late to fight
