It started with a low light

Next thing I knew they ripped me from my bed

They left a strange impression in my head

You know that I was hopin'

That I could leave this star-crossed world behind

B Dbm
When they cut me open

B
I guess I changed my mind

A B Dbm
And you know I might have just flown

Abm A B
Too far from the floor this time

'Cause they're calling me by my name

A
And they're zipping white light beams

B Abm Dbm
Disregarding bombs and satellites

B
That was the turning point,

That was one lonely night

Well, now I'm back at home and

I'm looking forward to this life I live

B Dbm
You know it's gonna haunt me

B
So hesitation to this life I give

E
You think you might cross over

You're caught between the devil and the deep blue sea

B Dbm
You better look it over

B
Before you make that leap

A B
And you know I'm fine

Dbm Abm A
But I hear those voices at night

B Dbm Abm
Sometimes that justify my claim

A B
And the public don't dwell my transmission

Abm Dbm
Cause it wasn't televised

Oh what a lonely night
