

The K's - Sarajevo

tom:

Intro: B E

Well I'm caught up in your gaze, oh, and it's pretty scary
 And I'm looking to expand, oh, I'm so Austro-Hungarian
 But it's not in my plans to be your next Franz
 So I'll leave

And our eyes meet in the middle and I finally start to doubt
 you
 And I take a step closer and I start to doubt myself too
 But it's not in my plans to be your next Franz
 So I'll leave

And I'll force myself to say no
 Oh, I'll force myself to say no
 Oh, I'll force myself to say no

To save my life, save my life, on the streets of

Sara-jevo, Sara-jevo
 And it's all-out war, war, war

I feel it - coming

Sara-jevo, Sara-jevo
 And it's all-out war, war, war

I feel it - coming

(B E)

Well I'm caught up in your gaze, oh, and it's pretty scary
 And I'm looking to expand, oh, I'm so Austro-Hungarian
 But I feel in myself that something's just ain't right

I thought I'd dodged all the bullets that you'd fired that
 night

I took a wrong turn west and I found myself lying with a hole
 in my chest

I took a wrong turn west and I found myself lying with a hole
 in my chest

Sara-jevo, Sara-jevo

And it's all-out war, war, war
 I feel it - coming

Sara-jevo, Sara-jevo

And it's all-out war, war, war
 I feel it - coming
