

The Last Dinner Party - On Your Side

tom:

A

[Primeira Parte]

I know I'm better off not looking back
 Forgive me, father, won't you take it back?
 That we were lovers, bodies touching
 On park benches, stray dogs watching
 It disgusts me now

[Pré-Refrão]

I wish I didn't want you
 Wish I could do without
 This blood on my face
 Where your teeth sunk in
 Bite me again

[Refrão]

When it's 4AM and your heart is breaking
 I will hold your hands to stop them from shaking
 If it takes all night, I will be on your side

[Segunda Parte]

Back to the olive mount you lead me to
 The wind was blinding so I clung to you

And you smiled so sweetly as you threw me
 Down the rocks into the seaweed
 You thought that I could fly

[Pré-Refrão]

And I wish I didn't want you
 Wish I could do without
 This blood on my face
 Where your teeth sunk in
 Bite me again

[Refrão]

When it's 4AM and your heart is breaking
 I will hold your hands to stop them from shaking
 If it takes all night, I will be on your side

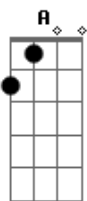

[Pós-refrão]

When you're lying here, I believe you love me
 You can hold my hair back when you kiss me
 If you stay all night, I will be on your side

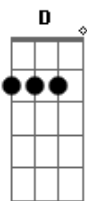

[Verso final]

When it's 4AM and your heart is breaking
 I will hold your hands to stop them from shaking
 If it takes all night, I will be on your side
