 (Bm Gm)
 Bm Gm I don't like you anymore Bm Gm
 Bm Gm You've fallen for the faux again Bm Gm
 Bm Gm Enticed me for a second time today Bm Gm
 Bm Gm Only for me to realise the same
 Bm I don't like you anymore
 Gm Db Gb You're cracked and your face changing
 Bm You're going down the old route
 Gm Db Gb But I can't let you repeat repeat it again
 Bm The sound of your voice
 Gm Db Gb Is piercing my patience
 Bm Gm Db Gb As it seeps on through the midnight corridors
 Kindly keeping in your resent

Retire to the setting hate
 Drying in all familiar cast
 Twitching as I fear it's far too late

Cause I don't like you anymore
 I don't like you anymore

Bm I don't like you anymore
 Gm Db Gb You're cracked and your face changing
 Bm You're going down the old route
 Gm Db Gb But I can't let you repeat repeat it again
 Bm The sound of your voice
 Gm Db Gb Is piercing my patience
 Bm Gm Db Gb As it seeps on through the midnight corridors
 And there's nothing but corners
 There is no escape from these
 Walked into your trap and breathed your disease
 We're nauseous as if in the seas
 And you smirk as you think that you tease
 But your pout puts us about
 And your final line can't be described as fine
 Will never be described as fine
