

The Last Shadow Puppets - Used To Be My Girl

Tom: C

(Riff Principal) (Verso 1 e 2):

(Verso 1)
 Colour pictures of re-entry
 Voices calling down the hall
 I wanted you to know
 You're the only one that bent me
 This far out of shape
 Don't make no mistake
 I'm a liar, I'm a cheat
 A leech, a thief
 The outside looks no good and there ain't nothing underneath
 Darling can't you see
 My heart melted in the heat
 My heart melted in the heat like yours

(Solo)

(Verso 2)

First impressions of the century
 Two way mirror one way street
 Good cop bad cop routine
 Black-light animal print boogie
 Left in a heap
 A kiss on either cheek
 I'm a phoney, I'm a fake

A fraud, a snake
 Gimme all your love so I can fill you up with hate
 Girl I'm in a state
 My heart melted yesterday
 My heart melted yesterday like yours
