

# The Lumineers - Brightside

tom:  
 Capostrate na 3ª casa

I can see it in the air  
 Everyone was like a smoke from a cigarette  
 You were blowin' in your hands  
 The heater broke in the Oldsmobile

And the light in your eyes  
 Alone on the freeway

I was stranded in the bed  
 You were listenin' to "The Dark Side of the Moon"

I could barely see your eyes  
 Psilocybin in a hotel room

And the light in your eyes  
 The waves on the ceiling

[Refrão]

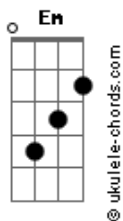

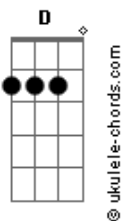

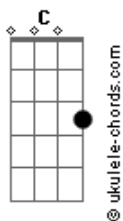

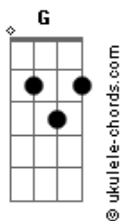

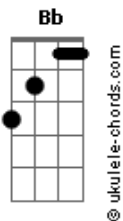

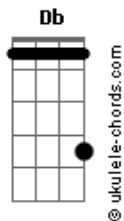

I'll be your brightsid?, baby, tonight  
 I'll be your brightside, baby, tonight  
 Tonight

You wer? tired of Tacoma  
 I was tired of believing we were right

Losing every other friend  
 Finding nothing in the afterlife

But the light in your eyes  
 Alone on a feeling

## Acordes

[Refrão]

I'll be your brightsid?, baby, tonight  
 I'll be your brightside, baby, tonight  
 Tonight

You're stranded on the bridge  
 You're crying for your kids

[Refrão]

I'll be your brightside, baby, tonight  
 Tonight

I can see it in the air  
 Everyone was like a smoke from a cigarette  
 Sun is coming up ahead  
 Catch a crack in the windshield shinin'

And the light in your eyes  
 Alone on the freeway

[Refrão]

I'll be your brightside, baby, tonight  
 I'll be your brightside, baby, tonight  
 Tonight

You're stranded on the bridge  
 The cops are closing in  
 I'll be your brightside, baby, tonight  
 Tonight  
 Tonight
