

# The Lumineers - Caves

tom:

Intro: **Bm** **Bm**

**Bm** **Gbm** **G**  
You go ahead

**D**  
There's something I forgot

**Bm** **Gbm**  
Walk slow and I'll catch up

**G** **D**  
Let's hear the stars do their talking

**Bm** **Gbm**  
And I used to love caves

**G** **D**  
Stumble out into that big sky

**Bm** **Gbm**  
Remember that bright hollow moon?

**G** **D**  
Showed our insides on our outsides

**Bm** **Gbm** **G** **D**  
This town closes down the same time everyday

**Bm** **Gbm**  
Put out the smoke in your mind

**G** **Bm** **D**  
Let's put all these words away

**G** **Bm** **D**  
Let's put all these words away

**Bm** **Gbm**  
Now I think alike birds

**G** **D** **Bm**  
See I'm far from St. Paul

**Bm** **Gbm** **G**  
And I go running when the night aches

**D**  
Hear her every time she calls

**Bm** **Gbm**  
Did I h?ar something break

**G** **D** **Bm**  
Was that your heart or my h?art

**Bm** **Gbm** **G**  
Like when the Earth shakes

**G** **D**  
Then the silence that follows

**Bm** **Gbm** **G** **D**  
This town closes down the same time everyday

**Bm** **Gbm**  
Put out the smoke in your mind

**G** **Bm** **D**  
Let's put all these words away

**G** **Bm** **D**  
Let's put all these words away

**G** **Bm** **D**  
Let's put all these words away

**G** **Bm** **D**  
Let's put all these words away
