

# The Lumineers - Morning Song

Tom: C  
Intro: C G F C G

C  
The carbonation in my drink  
G  
The bubbles rise while my heart sinks  
F C G  
And all I tend to do is think of you

C  
Was it easier to pack your bags  
G  
And book that flight to paris as  
F C G  
The plane began to move that afternoon

Interlúdio: C G F C G

C  
When all the trains have pulled away  
G  
From local stations in decay  
F C G  
It's I who waits, it's you who's late again

C  
And did you think of me when you made love  
G  
To him, was it the same as us  
F C G  
Or was it different, it must have been

Interlúdio: C G F C G

C G C  
And all the pretty dames  
F Am G  
They'll hug and kiss you all the same  
F C  
And when they go, they're gone  
Am G C F  
They're not run-ning late  
C G C

Oh all, all the pretty dames

C G C  
And the kids you hold in your arms  
F Am G  
With promises to protect them from harm  
F C  
But they grow, and they go  
Am G C F  
And you're all a-lone  
C G C  
All the kids, all the kids that you hold

C G C  
And it's a shame that it ends this way  
F Am G  
With nothing left to say  
F C Am G C F  
So just sit on your hands, while I walk aw-ay  
C G C  
It's a shame, it's a shame, it's a shame  
C G C  
When my hands begin to shake  
F Am G  
When bitterness is all I taste  
F C  
And my car won't stop  
Am G C F  
Cause I cut the brakes  
C G C  
I hold on to a hope in my fate

C G C  
Oh oh ah ah hey hey  
F Am G  
May you return to love one day  
F C  
Well I hope and I pray  
Am G C F  
You get what you gave

C G C  
Oh oh ah ah hey hey
