

The Maccabees - Kamakura

Tom: E

^E
Drinking when you're drunken

^{Gbm}
To chase down the evening
God that girl goes graceful

^A
Wondering which way's home
I heard nothing was changing

^B
And that's the shirt you're wearing
No wonder no one's noticed
That the summer's been and gone

^E
No one says a word

^{Gbm}
Because it breaks a heart

^A
Submarine keep diving

^B
Seagulls at the waste bins
Wish them all a winter
Must be rough at sea

Chorus

^{Gbm}
He's given a bloody nose to the best friend he knows
The only time he's cried since he was seven years old
Your best friends forgive you

^E
Your best friends forget you get old

2nd Verse

^E
Steaming at the corners
When the blue pulled over ^{Gbm}

Said he wanted seasons

^A
Miss red hot October
The Black Maria

^B
Is where he finds his honour
The darker the corner
Now the summer's been and gone

^E ^{Gbm}
No one says a word because it breaks her heart

^A
The coming and the going

^B
Blame it on the ocean
Or coastal erosion
It must be rough at sea

Chorus [x2]

Your best friends forget you get old

The only time he's cried since he was seven years old
Your best friends forgive you

You get old
