

# The Maine - Blood Red

tom:

My, my, my  
 What fangs you have  
 Once upon a time  
 Your eyes were wide not dead

Then all the energy  
 Reversed the chemistry  
 Your blood it mixed with all the chemicals in your head  
 Now all you see is red

You should have warned me  
 You were blood red  
 Oh, you're blood red, baby  
 It came without warning  
 Now I'm wounded  
 You're so ruthless, darling

Once all the energy  
 Reversed the chemistry  
 Your blood it mixed with all the chemicals in your head  
 Now all you're seeing is  
 Blood red

What's it like  
 Living with your disease  
 You walk the streets at night  
 Looking like a well-dressed thief

Once all the chemistry  
 Destroyed the memories  
 Your blood it mixed with all the chemicals in your head  
 Now all you see is red

You should have warned me  
 You were blood red  
 Oh, you're blood red, baby  
 It came without warning  
 Now I'm wounded  
 You're so ruthless, darling

Once all the energy  
 Reversed the chemistry  
 Your blood it mixed with all the chemicals in your head  
 Now all you're seeing is  
 Blood red

Once all the energy  
 Reversed the chemistry  
 Your blood it mixed with all the chemicals in your head  
 Now all you're seeing is  
 Blood red

## Acordes

The image shows five guitar chord diagrams for the chords G, Em, C, D, and Am. Each diagram consists of a 6-string guitar fretboard with dots indicating which strings and frets are to be pressed. The G chord has dots on the 3rd fret of the 2nd, 4th, and 5th strings. The Em chord has dots on the 2nd fret of the 2nd, 3rd, and 4th strings. The C chord has dots on the 3rd fret of the 2nd, 4th, and 5th strings. The D chord has dots on the 2nd fret of the 2nd, 3rd, 4th, and 5th strings. The Am chord has a dot on the 1st fret of the 2nd string. Each diagram is accompanied by a small diamond icon and the text '© ukulele-chords.com'.
