

The Maine - Don't Come Down

```
Intro: 2x: D A E E
Verso 1:
D A E
Here's to now
And nothing else
D A E
In the crowd D A
All by yourself
Pré-Refrão:
    D
To the lows and every high
The hellos and the goodbyes
In this moment, I could die
With you
Never felt like this feel before
Dizzy, drunk, and beautiful
     D
In this moment, I let go
With you
Refrão:
         D
When you're next to me and the music's loud
Singing 'Hey Nineteen' somewhere in the crowd
We are up so high
They can't touch us now
 D A
We are thousands of feet from the ground
 D A E
And won't come down
We won't come down
Verso 2:
Yeah, here's to all
To all this culture's rules and your pretty things
How dirty, wild, blurry, juvenile
We ain't got no time for what tomorrow brings
And the choir sings
Pré-Refrão:
To all the lows and every high
The hellos and the goodbyes
In this moment, I could die
                                                           With you
```
