Intro: E Db B A

[Verse 1]

I took a trip up the ^Ewest coast, LAX to ^{Db}SFO
Was searching for a ^Btemp so low, And a ^Asummer high
The Sun ^Eswayed and set slow, Made waves with some ^{Db}friends I know
Got lost in the ^Bebb and flow, Of the drifting tide (And I)

[Chorus]

^AI didn't ever want to come down
^BFrom that west coast rush and summer high
And easy, peaceful sense of time (I felt so alive)
^ANow I'm alone when I'm back home
^BIt's cold and old, But in my mind
^EI, I am, Miles and miles away

[Break]

E Db B A

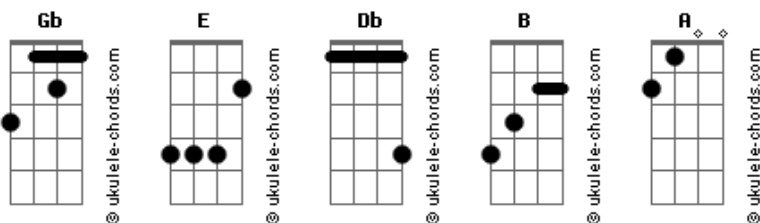

[Verse 2]

^EPretty girls on two wheels, Dolores Heights and a laid back ^{Db}feel
We sat and drank for a while until, The city came alive
We were ^Bsmoking with strangers, We were dancing with the ^Alights on
I was ^Esinging to "The Angels?", See that's my favorite X song
^BI was singing to "The Angels?", See that's my favorite X song

[Chorus]

^AI didn't ever want to come down
^BFrom that west coast rush and summer high
And easy, peaceful sense of time (I felt so alive)

^{Db}When the buzz ain't like it was, Well then it's time for a change

^{Db}Just a subtle change
^{Db}A tongue full of only tomorrow?s, Will never quench your thirst for today

^{Db}

Just take a trip, just a little trip, we?ll take a trip miles away
