

The Maine - Same Suit Different Tie

Tom: C

C F C F C F C F (x2)

Different tie
 But, I'm wearing the same suit

It's alright
 Because the old can feel brand new

See I feel so fresh
 I feel so new

And I'm through with my
 With my miserable youth

All done up in my hand-me-down clothes
 Shaking off the dust and assuming a pose

Well these threads are so old
 But they'll never know

Oh no one will ever know

See darlin' dear you don't need high-priced designs
 To feel dressed up, to feel dressed up

To the nines

C F C F C F C F

Different stride
 But, I'm wearing the same shoes

It's alright
 Because the old can feel brand new

See I feel so fresh (and electric)
 I feel so new (and improved)

And I'm through with (yes I'm through with)

My miserable
 Oh that invisible youth

All done up in my hand-me-down clothes
 Shaking off the dust and assuming a pose

Well these threads are so old
 But they'll never know

Oh no one will ever know

See darlin' dear you don't need high-priced designs
 To feel dressed up, to feel dressed up

To the nines

You don't need much of anything
 To feel lush once in a while

No you don't need much of anything
 Just a strut and a little style

Just a strut and a little style

Well these threads are so old

All done up in my hand-me-down clothes
 Shaking off the dust and assuming a pose

Well these threads are so old
 But they'll never know

Oh no one will ever know

See darlin' dear you don't need high-priced designs
 To feel dressed up, to feel dressed up

To the nines
