

# The Maine - We All Roll Along

Tom: E

(intro 2x) Ab Db B B

A E B  
I remember every night we spent on weekends.  
With good friends.  
A E B  
We did nothin' but it seems like we did so much.  
Back then.  
A E B  
Oh back then we would kick it laughin' all relaxing'  
And taking things for granted.  
A E B  
We did anything for just that little rush. Ohh yeah!

Db E  
Just don't forget this.  
Db E  
We won't regret this.  
Db E B  
We've got one chance to get it right.

Ab Db B  
We're alive and we drive to the center of it.  
Ab Db B  
Where we know we're all fine and this just can't be it  
Ab Db B  
And in the end we all know we only breathe for so long.  
A E B (2 down strums)  
So tonight's the night we all roll along.

( Ab Db B B )

A E  
Oh back to it for a cigarette.  
B  
You know we can't forget all the faces that we've met.  
A  
Eighty One (Eighty One)  
E  
Twenty Three (Twenty Three)  
B  
Means everything to me.

A E  
Take me back to the parking lots.  
B  
The sleep we fought.  
And all the places we got caught.  
A E B  
This place will always be part of me.  
Yeah you're all a part of me.

Db E  
Just don't forget this.  
Db E  
We won't regret this.  
Db E B  
We've got one chance to get it right.

(pause) Ab Db B  
We're alive and we drive to the center of it.  
Ab Db B  
Where we know we're all fine and this just can't be it  
Ab Db B  
And in the end we all know we only breathe for so long.  
A E B (2 down strums)  
So tonight's the night we all roll along.

(bridge)  
I remember every day that I spent dreaming.  
Of leaving.  
This place behind I would run away from thinkin'  
Adding up all the days spent wasted.  
Chasing the girls we hated.  
Some things, they, they never change.  
Take me back o the sleepless nights.  
The stupid fights.  
It never mattered who was wrong or who was right.  
You're all a part of me.  
Ab Db B  
We're alive and we drive to the center of it.  
Ab Db B  
Where we know we're all fine and this just can't be it  
Ab Db B  
And in the end we all know we only breathe for so long.  
A E B (2 down strums)  
So tonight's the night we all roll along.
