

# The Maine - We'll All Be

Tom: G

G C  
Surrounded by familiar faces,  
the people that you love to see  
G C  
Where everybody knows your name,  
and they're smiling  
C  
We may not be gettin' younger,  
G  
our days might be slippin' away  
C  
Yeah we're still so fucking young,  
Am  
so we'll party like it's our last day

(pre-chorus)

Am  
And for the first time,  
G  
I feel less alone  
C  
And for the first time,  
Am  
I can call this home

(chorus)

G Am C  
It's our last time to say goodnight  
D  
Don't say goodbye, 'cause in the morning we'll  
G Am C  
we'll see you around, and we'll sing it again,  
D

same time tomorrow, yeah we'll all join in

(verse 2) (same as Verse 1)  
I'm ashamed of feeling down now  
'Cause we're the people we've been waiting on  
All we needed was some good friends  
And a song to sing a long  
With voices yelling in the front room  
No one could tell us keep it down  
So we all just kept it loud,  
and tried to wake the entire town

(pre-chorus)

(chorus 2x)  
(musical break) G

( G C G C Am C G C )

G C  
Oh, these days are numbered but we can't forget last summer  
G C  
When we sang and threw our arms into the air  
Am  
Go on and sing it out  
C  
Our days are numbered, we know we're not gettin' younger  
G C  
But it's nights like these that make you not really care

G C  
We all have been degraded  
G C  
We all have been the greatest  
Am C  
We all have been degraded  
G C  
We all will be the greatest

## Acordes
