

The Mamas and the Papas - California Dreaming Intro

Tom: **C**

Tabbed by: David Giles (UK)
Email:

Tuning: Standard EADGBE

Hi,
Here is my first tab, and it's just the intro to this classic song. I was playing around with this tab whilst learning Street Spirit (Fade Out) by Radiohead, so if you know that song, position your fingers as you would with the **Am** variation in that.
If you don't know it then all you do is create an **Am** (0 0 2 2

1 0) and have your little finger ready over the 3rd fret of **B** - simple :) ! Any feedback would be appreciated. Here's the tab.
