Dream a little Dream of me
==========

The Intro, verse 1 and verse 2 is quite exactly, what the guitar plays
on my CD. The chords of verse 3 are OK too and my tabs sound quite good,
although it's not exactly, what they play.

        Verse 1, 2 and 3
        ================
```

```
          Stars   shining bright above          you
          Say  "night-ie-night" and kiss        me
          Sweet dreams till sunbeams find       you

          Night  breezes seem to whisper        I  love you
          Just   hold me tight and tell me you'll  miss me
          Sweet  dreams that leave all worries behind you

          Birds   singing in the   sycamore     tree
          While   I'm alone and    blue  as  can  be
          But in your dreams what  ever    they   be
```
