Dream a little Dream of me

The Intro, verse 1 and verse 2 is quite exactly, what the guitar plays on my CD. The chords of verse 3 are OK too and my tabs sound quite good, although it's not exactly, what they play.

Intro: =====

Stars shining bright above you
Say "night-ie-night" and kiss me
Sweet dreams till sunbeams find you

Night breezes seem to whisper I love you
Just hold me tight and tell me you'll miss me
Sweet dreams that leave all worries behind you

Birds singing in the sycamore tree
While I'm alone and blue as can be
But in your dreams what ever they be
