

The Milk Carton Kids - Secret Of The Stars

tom:

Am

The only time i ever heard the voice of god

F C E

Was in the silence of the night in the arms of the one i love

Dm G C C Am

Staring at the ceiling up above

G E Am

Like it contained the secrets of the stars

Am E

Any time i ever woke up in a dream

F C E

I saw my shadow there staring back at me

Dm G C C Am

Moving through the walls and wondering

G E Am

As all the world rose up inside of me

F E

And i long to hear the melody

Am G F Dm

That one time played inside my mind

F E

And to love another helplessly

Am G F E F E E E

So breathing feels like putting out a fire

Am E

Any time my life flashes in front of me

F C E

I see a child there as if on a screen

Dm G C C Am

Standing in the shadows flickering

G E Am

For a moment i know what it means

Am E

All this time i lived inside a memory

F C E

Daylight creeping in through a crack in the weathered seams

Dm G C C Am

Severing the ties and trembling

G E Am

Losing all the voices in the wind

F E

And i long to hear the melody

Am G F Dm

That one time played inside my mind

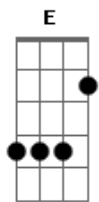

F E

And to love another helplessly

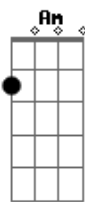

Am G F E F E E E

So breathing feels like putting out a fire
