Intro: Am F C F C A

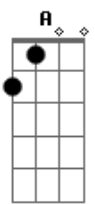

So happy I was invited, give me a reason to get out of the city
 See you inside watching swarms on TV
 Livin' or dyin' in New York it means nothing to me
 Gave my heart to the Army, the only sentimental thing I could think of
 With cousins and colors and somewhere overseas
 But it'll take a better war to kill a college man like me
 I'm too tired to drive anyway, anyway right now do you care if I stay?
 You can put on your bathing suits
 And I'll try to find somethin' on this thing that means nothin' enough

Losin' my breath, doo doo doo doo doo doo
 Losin' my breath, doo doo doo doo doo doo

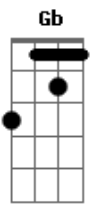

You and your sister live in a lemonworld
 I want to sit in and die
 You and your sister live in a lemonworld
 Doo doo doo doo doo doo doo
 You and your sister live in a lemonworld
 I want to sit in and die
 You and your sister live in a lemonworld

Doo doo doo doo doo doo doo doo
 This pricey stuff makes me dizzy, guess I've always been a delicate man
 Takes me a day to remember a day
 I didn't mean to let it get so far out of hand
 I was a comfortable kid, but I don't think about it much anymore
 Lay me on the table, put flowers in my mouth
 And we can say that we invented a summer lovin' torture party
 I'm too tired to drive anyway, anyway right now do you care if I stay?
 You can put on your bathing suits
 And I'll try to find somethin' on this thing that means nothin' enough
 You and your sister live in a lemonworld
 I want to sit in and die
 You and your sister live in a lemonworld
 Doo doo doo doo doo doo doo
 You and your sister live in a lemonworld
 I want to sit in and die
 You and your sister live in a lemonworld
 Doo doo doo doo doo doo doo
 Losin' my breath, doo doo doo doo doo doo doo
