[Primeira Parte]

It's almost like you're not afraid of anything I do
 How I want you here
 You don't know what it's like to be around you
 I still got my fear

[Pré-Refrão]

It's the way you say yes when I ask you to marry me
 You don't know what you are doing
 Do you think you can carry me over the threshold
 Over and over again into oblivion?
 It's the way that you're gonna stop needing to tell me
 You want me as much as I want you to
 Tell me I'm over the threshold
 Everything is gonna be totally okay into oblivion

[Segunda Parte]

It's still always you every morning
 I think of no matter what
 How I want you here
 I know I am easy to find but you know it's never me
 I still got my fear

[Pré-Refrão]

It's like a tide in the city lifts me and carries me around
 And oh, my mind is made up out of nothing now
 If nothing scares you about me and you, never put me down
 Oh, my life is made up out of nothing now

[Ponte]

You won't walk away, won't you?
 You don't walk away, don't you?
 You won't walk away, won't you?
 You don't walk away, don't you?

[Refrão]

I still got my fear
 I still got my fear
 I still got my fear
 I still got my fear
