

# The Neighbourhood - Fallen Star

tom:  
Am  
Further apart, the closer that we are  
I'll keep you far away, from me like a star  
Hard?not to fall?for you, I gave you all?my heart  
Further apart, the closer, the closer, the closer that we are

Tryna find the right time to tell you what you might not like to  
Hear  
I can feel the zeitgeist stuck inside the pipeline for some years  
I wanna be your lifeline but everybody can't be a millionaire  
I'll be in the night sky, shinin' like a light on always there  
You're in my DNA, I can't keep away no matter how hard I try  
You're runnin' through my veins, something I can't change  
That's the same reason why we're

2020 hindsight, lookin' from a distance, now it's clear  
Went and found the limelight, wasn't in the vision to disappear, no  
Now I'm in a new place, I can feel the room change when you're here  
Had to run and do things, never meant to leave you in the rear  
You're always in my brain, and I take the blame  
No matter who's wrong or right  
I'm on a one-way train headed far away, but you're still on my mind
