

# The Neighbourhood - The Beach

Tom: F  
Intro: Bb Gm Dm

If I told you that I loved you  
Tell me, what would you say?  
If I told you that I hated you  
Would you go away?  
Now I need your help with everything that I do  
I don't want to lie I've been reliant on you  
Falling again I need a pick me up  
I been calling you friend might need to give it up

Bb Gm  
I'm sick  
Dm  
And I'm tired too  
Bb Gm  
I can admit  
Dm  
I am not fireproof  
I feel it burning me  
I feel it burning you  
I hope I don't burn me  
I hope I don't burn you  
If I do, if I do

If I meet you in the middle maybe we could agree  
You make me feel little how you're looking at me  
And you can throw me shade all it does is just cool me off  
First it just threw me off now I'm just moving on  
Falling again I need a pick me up  
I been calling you friend might need to give it up
