

Noisettes - Never Forget You

D

Bm

What you're drinkin, rum or whiskey

Now don't you have a, double with me

I'm sorry I'm a little late, I got your message by the way

I'm calling in sick today, so let's go out for old time sake

I'll never forget you

They say we'd never make it

My sweet joy always remember me

We were mischievous, and you're always wearing black

I was so serious, you know my boyfriend's momma nearly had a heart attack

I'm sorry I'm a little late, you know the stripes of a tiger are hard to change

And notice world feels like an empty stage, I wouldn't change a thing

so I'm glad your back again

I'll never forget you

They say we'd never make it

My joy always remember me

My sweet joy always remember me

I'll never forget you

At times we couldn't take it all

My joy always remember me

We just got swallowed up, you know I didn't forget you

We just got swallowed up

We just got swallowed up but you know I didn't forget you

We just got swallowed up, by the whole damned world

What you're thinking, did you miss me

I've borrowed your silver boots, now if you just let me give them back to you

I'll never forget you

They say we'd never make it

My sweet joy always remember me

I'll never forget you

Although at times we couldn't change it all

My joy always remember me
