

The Outfield - Alone With You

Tom: E

I see your face across a crowded room
 I hear you say that you'll be leaving soon
 I know it's late but all that I can do

 Is close my eyes and dream that I'm alone with you

 I'd like to talk to you so much but I don't know your name
 I bet there's not a man in here that doesn't feel the same
 As you're walking out the door there's nothing I can do
 I close my eyes and dream that I'm alone with you

Yeah it's once in my life, Wish that I wasn't alone with myself
 I feel like a child, Seems that I can't think of anyone else
 (solo)

 The night is over an' I guess you're gone
 I try and tell myself forget it and just carry on
 But as I walk these lonely streets with nothing else to do
 I close my eyes and dream that I'm alone with you
 I close my eyes and dream that I'm alone with you
 I close my eyes and dream that I'm alone with you
