

The Paper Kites - Featherstone

Tom: D

(com acordes na forma de C)
Capostrate na 2ª casa

Wake up to the sound of your fleeting heart
Wake up to the sound of your fleeting heart
When you go, what you leave is a work of art
On my chest, on my heart
She went out to the hay in the morning grace
She went out and got lost in a tall hedge maze
Where'd you go? Where'd you go? Why'd you leave this place?
On my heart, on my face

And my love is yours but your love's not mine
So I'll go but we know I'll see you down the line
And we'll hate what we've lost but we'll love what we find
And oh I'm feeling fine, we've made it to the coastline

Ooh, ooh, ooh ooh ooh ooh
Ooh, ooh, ooh ooh ooh ooh

Ooh, ooh, ooh ooh ooh ooh

Past all the signs of the slow decline
Live like your love wasn't meant for mine
Now you've gone, now you've gone to a different life
Til the loneliest side

Wake up to the sound of your fleeting heart
Wake up to the sound of your fleeting heart
When you go, what you leave is a work of art
On my chest, on my heart

And my love is yours but your love's not mine
So I'll go but we know I'll see you down the line
And we'll hate what we've lost but we'll love what we find
And oh I'm feeling fine, we've made it to the coastline

Ooh, ooh, ooh ooh ooh ooh
Ooh, ooh, ooh ooh ooh ooh
