

The Paper Kites - Featherstone

Tom: D

(com acordes na forma de C)

Capostrate na 2ª casa

Wake up to the sound of your fleeting heart

Wake up to the sound of your fleeting heart

When you go, what you leave is a work of art

On my chest, on my heart

She went out to the hay in the morning grace
 She went out and got lost in a tall hedge maze
 Where'd you go? Where'd you go? Why'd you leave this place?
 On my heart, on my face

And my love is yours but your love's not mine

So I'll go but we know I'll see you down the line

And we'll hate what we've lost but we'll love what we find

And oh I'm feeling fine, we've made it to the coastline

Ooh, ooh, ooh ooh ooh ooh

Ooh, ooh, ooh ooh ooh ooh

Ooh, ooh, ooh ooh ooh ooh

Past all the signs of the slow decline
 Live like your love wasn't meant for mine
 Now you've gone, now you've gone to a different life
 Til the loneliest side

Wake up to the sound of your fleeting heart

Wake up to the sound of your fleeting heart

When you go, what you leave is a work of art

On my chest, on my heart

And my love is yours but your love's not mine

So I'll go but we know I'll see you down the line

And we'll hate what we've lost but we'll love what we find

And oh I'm feeling fine, we've made it to the coastline

Ooh, ooh, ooh ooh ooh ooh

Ooh, ooh, ooh ooh ooh ooh
