

The Parlotones - Beautiful

Tom: C

(intro pausada)

Wish upon a falling star
 Passion patrol
 Accept us for who we are
 Don't loose control
 The old non-american rules
 The choir to be traced
 I'm not in need for thrills
 Don't need to be safe today

(repetir intro)

(refrão)

And you are all beautiful
 And you are all magical
 Deserve to be adored
 Deserve to be adored

Science of all of you

Parody poem

Fought up with swinging fists
 Don't wanna be alone
 Theres romance embedded in me
 To the borderline patrol
 Ferenchian happiness
 The borderline patrol

(intro)

(refrão)

And you are all beautiful
 And you are all magical
 Deserve to be adored
 Deserve to be adored

(refrão)

I'll tell you for free
 This is just formula
 This is just chemistry
 None of this is real to me

(repetir, mas devagar)

(refrão - diminuindo o volume)
