

# The Pierces - You'll Be Mine

Tom: F

(com acordes na forma de C )

Capostrate na 5ª casa

Verso:

We could bring a blanket for the grass  
 Cover up your eyes so you don't see  
 If you let me go I'm running fast  
 Uh one two three, count one two three  
 We gon' watch the black birds cross the skies  
 We could count the leaves, left on the trees  
 We could count the teardrops in our eyes  
 Yeah one two three, yeah, one two three  
 One two three, yeah, one two three  
 Now you know, now you know,  
 How I feel and I won't back down

Refrão:

Break your finger on a spinning wheel  
 But don't make a sound  
 Drop out blood and now you're taking

For all time

With a kiss you will awaken  
 And you'll be mine, you'll be mine, you'll be mine

( Em F )

Verso 2:

I do always stay and work it out  
 Wondering if you still wanted me  
 But there are so many things to doubt  
 Oh one two three count one two three  
 Think that for a moment you are mine  
 I know that you saw what we could be  
 But than you'll win and change your mind  
 Oh one two three yeah one two three  
 One two three yeah one two three  
 Now you know now you know  
 How I feel and I wont back down

Refrão:

Break your finger on a spinning wheel  
 But don't make a sound  
 Drop out blood and now you're taking  
 For all time  
 With a kiss you will awaken  
 And you'll be mine, you'll be mine, you'll be mine

( Em F )
